

To Whom It May Concern:

Please do not change the Indiana No-Call List restrictions to solicitors. I was averaging 3-4 calls A DAY and it is so nice to not have to deal with such an intrusion on my private time now.

Thank you for creating the No-Call list - by "watering it down", I fear that this will be allowing the solicitors to get a foot in the door and eventually re-open those flood gates of calls!

Thanks for your time - Michele Bowlen
